- mom
- dad
- all
- see

Dear Parents

The children have been working very hard the past few weeks and we have learned a lot of new ideas. We have had many amazing days and are able to comfortably complete all of the tasks that I had laid out before them. I doubt that we would have been able to do that a few weeks ago.

Please take the time to review the papers that have been coming home. I will be sending home the second set of words for our spelling tests. Since Friday was such a crazy, fun party day, there was no way that I could get the students to focus on a spelling test so we just played some word games and moved on. As I explained before, it is really just an opportunity for the children to show me how many of their words they know and remember. The words are clearly written on our board for the children to see. Some of the children are struggling with these words so I am encouraging you to please take some time to review these words daily to help them stick. They should be able to know them when they see it, sight words.

Thank you so much to all of the parents that brought in items for our Halloween Party and for the amazing volunteers that we had for our Trunk and Treat. The children had such a great time and honestly, so did I.

Homework

This week will be our first week of Homework. Please view the reverse side for directions.

Upcoming Events

- November 4th: School Closed-Elections Day
- November 11th: Parent Conferences-School Closed. (Sign up for care)
- November 25th: Early Release at 1pm.

Weekly Work

Math: number 9, triangle, addition

Reading: Alpha Friend- Tiggy Tiger, Letter Tt

Comprehension: Understanding Character Traits

Social Studies: Election

Science: Animal Sounds

Important

I have received responses from many parents regarding the time that they would like to meet for Parent Conferences. There are still a few more parents that have not made appointments. I only have a few spots available but if you cannot make those times, I would be willing to meet with you at another day and time. I always think that it is important to meet with parents to not only talk about the goals that I have for their children, but also for the goals that you have for them as well.
